Hi Robert – the display ad that you needed published for the public meeting September 29, 2016 in Columbia Falls was published as follows:

Daily Interlake, September 25 and September 28

Flathead Beacon, September 21

Hungry Horse News, September 21

In the below email there is a link to the display ad for the Flathead Beacon. I also printed a copy and will give to you (these are a bit difficult to print out).

I will be giving you a copy of the display ad and affidavit for the Hungry Horse News too.

I have requested several times a proof of publication from the Daily Interlake but have not yet

received them. Getting the proofs is always hard. The newspapers don't send them automatically although I tell them up front that I need them. I will keep bugging them until I get it.

I also have a receiving report form that I will have you sign once I get it finished and get the Daily Interlake proofs.

Thanks.

Deb

Hi Andrew – I am so far behind on things so am trying to get caught up. I can't find where I ever received the affidavit of publication for our display ad that ran in the Flathead Beacon on September 21. Could you please email or mail me a copy. We need it for legal purposes. Thanks.

Deb

Looks like they are able to fit the ad into this week's paper. That will have it run the 21st through the 28th for \$150.

Send me a confirmation if you can!

Best regards,

Andrew
